

Amendments to the Specification:

Please replace the paragraph at page 6, ll. 21-24 with the following amended paragraph:

The next step will depend on the lamp design. In one embodiment, a carbon-filled conductive composition **[[4]] 14** may be deposited onto the transparent electrode. In another embodiment, the carbon-filled conductive composition **[[4]] 14** is deposited onto the transparent electrode at the same time a second electrode **10** is deposited.
